

## PHOENIX 12

### Boat details

Phoenix 12 was launched in 2014 out of the King Marine boat yard and designed by the successful design house of Botin Design Partners to the Super Series rules update for the 2015 edition. The engineering for Phoenix 12 was done by Pure Engineering.

Phoenix 12 was last raced as a Super Series TP 52 in Cape Town 2020 and has since only been IRC/ORC racing in Cape Town. The boat is professionally maintained and is dry sailed for 2-3 regattas a year. For the remainder of the year, Phoenix 12 is stored in her own warehouse throughout the year.

- Phoenix 12 is currently in Cape Town, South Africa
- Listed price is €1 million.
